Paragon's annual exhibition will be of
original works by David Foster, renowned
"Nail Artist".

There cannot be many artists in the world
who create works of art with a hammer and
nails. If there are, David Foster must be
one of the finest. Marilyn Monroe, Jimi

many others have all been subjected to this
ultra-tactile form of art. This is a must-see
and an opportunity to meet the artist and
talk about his remarkable process of
creating images out of nails.

Check out the hoarding boards outside the new John Lewis store...

Imogen Harvey-Lewis, with her unique and imaginative style, was commissioned to produce the 2.5m x 1.8m prints to brighten the hoardings during building on the shop, which open 18 October.

It's Great to see a collaboration with people working and living in the area.
